- You must create a diverse portfolio of at least 5 stocks at all times. The size of your investment doesn't matter (could be as little as a single share).
- **No more than \$5,000.00 of your portfolio can be cash.** This means you reinvest if you sell a stock. You may be withdrawn from the game if cash remains above \$5,000 for an extended length of time, and you will not get credit for subsequent checks.
- You are only trading on domestic major indexes (NASDAQ, NYSE, etc).
- At least 5 transactions beyond the original minimum of five transactions of forming your portfolio must take place. So, at least 10 total transactions – no maximum.
- No option trading. No short selling.
- All stocks must be valued at \$2.00 a share or higher at time of purchase
- The game opens on 9/8 and closes on 12/11. Maximize!!
