**Rules:**

- Use your *REAL NAME* for the stock user ID
- Create only 1 account
- Do not reset your account

Example: **Mista Bale**

- You must create a diverse portfolio of at least 5 stocks at all times
- **No more than \$5,000.00 of your portfolio can be cash.** This means you reinvest if you sell a stock. You may be withdrawn from the game if cash remains above \$5,000 for an extended length of time, and you will not get credit for subsequent checks.
- You may only invest in companies traded on the **NYSE** or **NASDAQ**.
- At least 5 transactions beyond the original minimum of five transactions of forming your portfolio must take place. So, at least 10 total transactions.
- No option trading. No short selling.
- All stocks must be valued at \$2.00 a share or higher at time of purchase
- The game opens on 1/30 and closes on 5/24. Maximize!!
